OTHER DOCUMENTS (AD47)

Under the Designs Act, 2000

Title of the Article: **MANUAL AGRICULTURAL MATERIAL COLLECTOR WITH INCLINED BELT CONVEYOR**

1. **Brief Description of the Article**: The present design relates to a manual agricultural material collector with an inclined belt conveyor used for collecting and transporting agricultural materials from the ground. The device is designed to be compact, portable, and easy to operate, helping reduce manual effort and improve efficiency in agricultural material collection.

2. **Statement of Novelty:** The novelty of the present design resides in the shape, configuration, and surface ornamentation of the “MANUAL AGRICULTURAL MATERIAL COLLECTOR WITH INCLINED BELT CONVEYOR” as illustrated in the accompanying representation sheets.

3. **Disclaimer:** No claim is made for any mechanical, functional, optical, or operational features of the article. Protection is sought solely for the aesthetic features of the design as shown in the representations.
